

The Accident/Incident Management course is directed at personnel responsible for the management of work-related accidents and incidents. The course is designed to ensure that personnel have the necessary resources and competencies to address the reporting, investigation and record-keeping skills required to maintain a proactive approach to incident management.

COURSE DURATION

One day with maximum of 10 participants in each course

COURSE METHODOLOGY & ASSESSMENT

The course will be presented in a modular format, which includes problem-based learning and practical skills. The assessment consists of a written exam of 20 multiple choice questions (MCQs). The pass mark is 75% (15 questions must be answered correctly).

CERTIFICATION

Upon successful completion of the course, participants will receive a Certificate of Attendance from EMS & Associates.

ENTRY CRITERIA

No previous qualifications are required for learners to participate in the course.
