

This Chemical Safety Awareness course is aimed at raising staff's awareness to the safe chemical handling procedures associated with their job. They will also be briefed on the Classification, Labelling and Packaging (CLP) Regulation implemented on 1st June 2015.

COURSE DURATION

One half-day with a 15-minute refreshment break

COURSE METHODOLOGY & ASSESSMENT

The course, while classroom-based and instructor-led, is interactive, with PowerPoint presentations, group work and discussions used to reinforce learning outcomes.

CERTIFICATION

Upon successful completion of the course, participants will receive a Chemical Safety Awareness Certificate from EMS & Associates.

ENTRY CRITERIA

No previous qualifications are required for learners to participate in the course.

COURSE SYLLABUS

Health and Safety Legislation
Risk Assessments
Personal Protective Equipment
Safety Data Sheets and GHS/CLP

First Aid Measures for Chemical Incidents
