

This QQI Level 4 Component award is designed to create an awareness of health and safety in the workplace and is directed at those who want to gain knowledge of safe practices, hazard identification and safety legislation. The course is carried out by health and safety professionals who deliver the training in a method that is easily assimilated by the learner and, at the same time, ensures that all learning outcomes are achieved.

COURSE DURATION

Four days from 9:00 a.m. to 5:00 p.m. with refreshment breaks

COURSE ASSESSMENT

Portfolio/collection of work, carried out during contact and non-contact hours: 100%.

All assessments are carried out in accordance with QQI guidelines. In addition, as part of the quality assurance procedures of EMS & Associates, prior to submitting the results to QQI, internal verification and external moderation are carried out to ensure consistency with national standards.

ACCESS, TRANSFER AND PROGRESSION

Learners should have reached a standard of knowledge, skill and competence either associated with achieving an award on the preceding level on the National Framework of Qualifications or through relevant life and work experience. Successful completion of this component award enables the learner to transfer to programmes leading to other certificates where this component is a mandatory or an elective requirement.

CERTIFICATION

Upon successful completion of the course, participants will receive a QQI Level 4 Component Award. Participants will also receive Certificates in Manual Handling and Fire Safety Information from EMS & Associates.

COURSE SYLLABUS

Health and Safety Legislation

Roles and Responsibilities of Employers and Employees

Manual Handling

Fire Safety, Including Fire Drills, Equipment, Emergency Exits and Fire Assembly Points
